COMPANY PROFILE

Accutherm International is a wholly Australian owned, private company with long established strategic alliances with leading international manufacturers of components for applications in many industry sectors across Australia.

Our aim is to support industry with technical expertise and exceptional service at competitive prices.

Accutherm's business network includes major infrastructure businesses, engineering and consulting houses, gas distribution and transmission companies, industrial designers and manufacturers.

Accutherm International is ISO 9001:2015 accredited and our components meet the relevant Australian Standards and International Industry Regulations.

Our international manufacturing alliance partners include, Pietro Fiorentini, Riello, Eclipse, FMG Flow Meter Group, Honeywell, Maxon, Gaoli, TPI, Systronik. Accutherm's close relationship with the manufacturers enables direct access to expert application support and product specific technical resources worldwide.

Over many years our management and staff have acquired considerable knowledge of the components being supplied for a range of applications. Customers have access to qualified in-house engineers that can offer the best technical support from concept to operation.

Accutherm International is able to influence the manufacturer's ongoing development of components and provide new technology that assists Australian industry meet its regulatory requirements such as reduction of greenhouse gas emissions and energy efficiency.

Accutherm International Offers:

- Design, Engineering & Training
- Mechanical
- Electrical
- Combustion
- All Electrical Control Systems
- PLC
- Valves
- Metering
- Heating
- Industrial Gas & Oil
- Spare Parts

- Actuators
- Boiler Burners
- Burner Control Products
- Coalescing Filters
- Combustion Spares
- Digital Test Equipment
- Dual Fuel Burners
- Electrical Control Panels
- Electrodes
- Flame Supervision
- Flue Gas Analysers
- Heat Exchangers
- High Integrity Pressure Protection Systems (HIPPS)
- Gas & Oil Burners
- Gas Filters
- Gas Leak Detectors
- Gas Metering Systems
- Gas Meters
- Gas Pressure Regulators
- Heat Exchangers
- Infra-Red Burners
- Low NOx Burners
- LPG Regulators
- Manometers
- Mod Motors
- Odourising Equipment
- OPSO Regulators
- Oxy Fuel Burners
- Pressure Relief Valves
- Recuperators
- Safety Shot Off Valves
- Thermocouples
- Thermometers
- Valves – All types
